New Enrichment Program Play More Music

We are excited to announce a new morning music program with "Play more music" Monday mornings, Play More Music instructor Amy Vagts will spend 90 minutes singing and dancing with all the different age groups. We're looking forward to providing students with live music, fun new songs, and instruments so they can sing, laugh and wiggle. Play More Music will be an important enrichment activity, helping children of all ages develop their motor skills and imagination.

Play More Music makes a GREAT addition to our team. A family owned private music studio, they've been in business for 10 years since starting the company while at Emory University. We're thrilled to add their experience and expertise the Kids Kondo family.

In case anyone is interested, they also provide in-home private music lessons for virtually every instrument. You can find out more about them on the web at www.playmoremusic.com or by picking up a brochure in the lobby.

Money Matters

It is once again the beginning of a new quarter and the year will be over before you know it. This means that Material Fees are now due.

We did have a slight rate increase effective 9/1/08, so if you see a strange \$10.00 balance that is why.
